**Government guidance and advice for parents:**

<https://www.gov.uk/government/publications/what-parents-and-carers-need-to-know-about-early-years-providers-schools-and-colleges-during-the-coronavirus-covid-19-outbreak/step-4-update-what-parents-and-carers-need-to-know-about-early-years-providers-schools-and-colleges>

<b>Identify hazard</b>	Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards
<b>Direct transmission of the virus – Lateral Flow Testing</b>	
<b>Control measures</b>	List your control measures required to reduce risk – add appropriate detail about the type and location of controls
<ol style="list-style-type: none"> <li>Following the summer holidays, all students will be requested to attend school in a staggered system for lateral flow testing prior to commencing a full return to school. (Details provided via separate letter). Students will receive 2 lateral flow tests in school with a period of 3 to 5 days between each test. (Separate risk assessment for Lateral Flow Device testing available)</li> <li>Staff will undertake home lateral flow tests prior to returning to school for inset day on 1<sup>st</sup> September 2021.</li> <li>Following initial LFD testing in school, students and staff will be provided with LFD home test kits and expected to test themselves twice weekly.</li> <li>Students or staff who take a positive LFD test should then undertake a PCR test and follow current Government advice. <a href="https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection">https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection</a></li> </ol>	

<b>Identify hazard</b>	Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards
<b>Direct transmission of the virus – Hygiene and contact with others</b>	
<b>Control measures</b>	List your control measures required to reduce risk – add appropriate detail about the type and location of controls
<ol style="list-style-type: none"> <li>One-way system created around the school site.</li> <li>Staggered break-times to reduce number of students in communal areas.</li> <li>Hand hygiene is important and students are recommended to wash their hands before arriving into and leaving school.</li> <li>Students should use the hand foam sanitisers located in school corridors and classroom hand gel dispensers throughout the day.</li> <li>Students should continue following the Government’s recommended instructions for ‘Catch it, bin it, kill it’. All classrooms have tissues available.</li> <li>Face coverings are no longer required in schools, however students and staff continue to have the option to wear masks in highly populated areas.</li> <li>The school will continue providing high standards of cleaning at the end of the school day focussing on touch points.</li> <li>All classrooms and highly populated spaces should be well ventilated.</li> </ol>	

<b>Identify hazard</b>	Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards
<b>Direct transmission of the virus – School Transport</b>	
<b>Control measures</b>	List your control measures required to reduce risk – add appropriate detail about the type and location of controls
<ol style="list-style-type: none"> <li>Students are encouraged to walk or cycle instead of using public transport</li> <li>The Government continue to expect and recommend that face masks are worn by those aged 11 years and over travelling in enclosed and crowded spaces</li> </ol>	

<b>Identify hazard</b>	Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards
<b>Direct transmission of the virus – Visitors and Contractors</b>	
<b>Control measures</b>	List your control measures required to reduce risk – add appropriate detail about the type and location of controls
<p>1. Limit transmission by preventing symptomatic people on site by ensuring nobody with the following is permitted to enter the school:</p> <ul style="list-style-type: none"> <li>● A high temperature</li> <li>● a new, continuous cough</li> <li>● a loss or change to your sense of smell</li> </ul>	

<b>Identify hazard</b>	Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards
<b>Direct transmission of the virus – Outbreak Management Plan</b>	
<b>Control measures</b>	List your control measures required to reduce risk – add appropriate detail about the type and location of controls
<p>1. The school has an Outbreak Management Plan in place should Public Health England’s health protection team instruct the school to implement measures to manage an outbreak in the school or local community i.e. the re-introduction of face masks.</p>	

<b>OVERALL level of risk</b>	Consider level of risk following use of control measures HIGHLIGHT the appropriate assessment of risk	
<b>NOT REDUCED THE OVERALL RISK</b>	<b>REDUCED THE OVERALL RISK TO SOME DEGREE</b>	<b>CONSIDERABLY REDUCED THE RISK</b>
<b>Assessor’s comments</b>	Insert comments relevant to findings as appropriate	
<p>Review and updates will continuously be made to the risk assessment. When required, advice will be sought from our Health and Safety Advisor.</p>		

Name of assessor	Signature of assessor	Date
Mrs K Webb	<i>K Webb</i>	August 2021

<b>Headteacher’s comments</b>	Insert comments relevant to assessment as appropriate
<p>The Senior Leadership Team will continue to monitor Government and Public Health advice regarding key changes to be implemented and discussed with key school staff.</p>
